

Drop Leg Laser Platform

Drop Leg Laser Platform

This small drop leg panel is a versatile improvement on an old standard. The two rear strips of neoprene padding provide excellent grip and comfort, while the strip of spacer mesh allows for air flow.

Key Features:

- 4 columns x 5 rows of laser-cut 1000D Cordura® laminate
- Attaches to belts up to 2" with adjustable, easy-to-don Velcro® belt straps
- Removable 1.5" gripper elastic leg strap pulls platform to the user and grips the leg
- Additional removable 1" strap offers further platform stability

SKU – 20DLL0**
