MODULAR ELASTIC CUMMERBUND SIZING CHART

MEASURING INSTRUCTIONS
Measure your waist circumference by placing the tape measure four fingers above your belly button.

	WAIST CIRCUMFERENCE
M/L	30" - 45" (76.2- 114.3cm)
XL	41" - 56" (104.1- 142.2cm)

DETAILS

- › Most comfortable slick plate carrier on the market.
- › Placard-compatible.
- › One-size-fits-all modular elastic cummerbund included.
- › Patent-pending design enables easy switching between velcro flaps, quick-release buckles, or First Spear tubes.
- › Features three elastic cells on each side for 5.56 and 7.62 magazines, radios, tourniquets, smoke grenades, flashbangs, and more.
- › Available in TAA and Berry Compliant Versions for quantity orders on request.
- › Rear plate bag is placard-compatible and optimized for the Agilite MOLLE Placard for additional mounting options and customization.
- › Inner plate bags feature heat-release vented areas that wick sweat away from your body to keep you cool under fire or during training.
- › Two external MOLLE columns for further customization.
- › 500D CORDURA® mil-spec nylon.
- › Laser-cut Squadron™ laminate.
- › Battle-proven in Israel.
